Dear Pro-Life Friend:

Missouri Citizens for Life needs you! Missouri Citizens for Life is the one organization where all pro-life Missourians meet to affect our elected officials and to educate the public. We need not only your interest, we need during this year a special kind of commitment. Can you donate your time or talents for a special project or two? If so, please indicate on your membership card.

For a yearly membership fee of $10.00 you will receive our State newsletter and local updates. You will also receive a copy of our new Pro-Life Yellow Pages. It is not only full of pro-life business references, but the back of the book has maps, elected officials names, phone numbers and addresses—things you will need over the next year as the abortion issue returns to the states.

Missouri is now recognized as one of the most pro-life states in the union and that did not happen by accident. We are passing laws to protect the unborn and those born but disabled. Our laws began the process of overturning Roe v. Wade. Our Missouri Supreme Court has said NO! Missouri will not allow a non-dying disabled patient to be starved and dehydrated to death in the Nancy Cruzan case. Seems Missouri and Missouri Citizens for Life, Missouri's biggest pro-life organization, are now standing between the Nation's death peddlers not once, but twice—not only on abortion, but euthanasia, but much work lies ahead!

You won't get a tax deduction for giving to Missouri Citizens for Life, Inc. That's because we do work to change laws. That's why it takes really special folks to commit themselves to supporting our work—but it pays off in much, much bigger ways than a tax deduction. The dividends from our work will be felt for decades, maybe centuries. Join us won't you? Get involved as much or as little as you like, but get involved. Together we can make a difference! Send your $10.00 yearly membership fee and membership card today!
